

## Clinical Care Manager - Aged Care

Longridge Aged Care is a respected, longstanding part of the community in Naracoorte South Australia, who has had the privilege of being home to generations of local families. Based in the picturesque South East region, Longridge is an accredited Residential Aged Care Facility, hosting 52 beds.

We are seeking an exceptional clinician with the experience, insight and compassion to effectively lead the clinical team. This person would have oversight of the Clinical Nurse, Registered and Enrolled Nurses and team of Personal Carers.

This full-time position will be an integral part of the leadership team at Longridge, with the support of the CEO, Quality & Risk Manager, People and Culture Manager and all other Longridge departments.

It is imperative that you have experience in Aged Care, a sound understanding of the Aged Care Quality Standards and Aged Care funding tools. You will undertake your role while upholding the mission of Longridge – *to cherish and empower our Residents to live their lives to the fullest*. This means keeping the tenets of dignity and choice, and person-centered care at the forefront of decision making.

Your role will encompass oversight of the clinical budget, with the guidance of our CEO and Finance Manager. You will be experienced in recruitment and management of the staff within your team.

You will be comfortable communicating with your team, family members and external stakeholders. With communication being paramount, you will be passionate about education for your team and happy to be leading from the front on the floor.

We are looking for that special person, who can effectively lead the team and promote an inclusive and professional culture – you will be compensated with a generous salary, salary sacrificing and the possibility of relocation allowance.

Essential and desired criteria are listed below, but are by no means exhaustive.

### **Essential Criteria**

- Experience in Aged Care, preferably in a management role
- Registered Nurse
- Thorough knowledge of the Aged Care Standards and their application
- Comprehensive clinical knowledge covering (but not limited to) antimicrobial stewardship, restrictive practice, palliative care and wound care

- Competent with all facets of Aged Care documentation, including SIRS, quality indicators, admissions and discharges, ACFI and AN-ACC
- Current AHPRA registration
- Covid and Influenza vaccination and National Police check

### **Desirable Qualities**

- Postgraduate qualifications in a health-related discipline
- Certificate IV in Training and Assessment
- Demonstrated experience in staff mentoring and assessment
- Formal gerontology and/or dementia training will be highly regarded

Please contact [mkoerner@longridge.org.au](mailto:mkoerner@longridge.org.au) with any questions about the role, the facility or any other part of the application process. Please provide a cover letter outlining your qualifications and suitability for the role, as well as your resume. For a confidential chat, please call [\(08\) 87621340](tel:0887621340) and ask for Mary-Ann or Lia.

*We do not accept applications from outside agencies or recruitment companies.*
